

EDIFICIO ABELIAS

Madrid, Spain

It is clear that the impact of the price of the façade on the m2 of office space must be understood in terms of the wellbeing of the workspace, or in other words, the quality of light and views that the work areas receive. Within this scheme, a transparent and open office landscape unfolds.

"...That is what our effort has consisted of, and that is its raison d'être: to bring order to things. And if, in addition, harmony crowns our effort?"
